

## ATTACHMENT PARENTING EUROPE IRELAND

### SLING LIBRARY

One of the ideals of Attachment Parenting is the concept of “baby wearing” i.e. carrying your baby around in your arms or in a sling. AP EU Ireland has a Sling Library with many different types of slings from all over the world.

To help you decide which sling would best suit you and your baby, you can first borrow a sling from our Sling Library and try it out for a couple of weeks before buying one yourself.

#### **Procedures for borrowing slings from the Library:**

Please fill in your details on the reverse (in block capitals) and return this form together with €15 (to cover post and packaging) to:

Kate Byrne 79  
Walled Gardens  
Castletown  
Celbridge Co  
Kildare

On receipt of your application we will post your sling to you. If your choice is not available we may need to contact you so please include a phone number or email address. Please wash and return the slings after two weeks. You may find the following websites useful for washing and general sling instructions and information:
